### SCARF PATTERN

Using your green yarn, cast on 25 stitches. Repeat the pattern below 11 times, or until the scarf reaches your desired length:

**Rows 1-10:** SC 25 stitches in green

**Rows 11-20:** SC 25 stitches in gray

When you're happy with the length of your scarf, tie off your end well at the end of a row.

### THE FRINGE

Wrap green yarn around a DVD case once for each stitch (25 times). Then cut through all of the pieces of yarn on one side of the DVD to create 25 same-length pieces of yarn. Do the same with the gray yarn. Use your crochet hook to pull the yarn through each stitch at the ends of your scarf, alternating colors every stitch.
